No. 12.—The following resolutions of the Government of India are republished :—

HOME DEPARTMENT.

POLITICAL.

Delhi, the 18th December 1914

No. 2941-2944.—In supersession of the orders contained in the Resolution of the Government of India in the Home Department, No. 2331-2342, dated the 8th December 1909, the Governor-General in Council is pleased to issue the following instructions with regard to certificates of identity.

2. Every native of India who contemplates proceeding out of India to foreign countries is strongly urged, before leaving, to furnish himself with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town and in the town of Rangoon, the Commissioner of Police) in the case of residents of British India, and by the Political Officer in that of residents of Native States In the case of a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town and in the town of Rangoon, the Commissioner of Police) or Political Officer as the case may be.

Appeals for assistance by destitute Indians who desire repatriation and by students who, owing to embarrassed circumstances, are unable to complete their course of education cannot be dealt with satisfactorily unless the parties are in a position to produce evidence of identity. The possession of a certificate of identity will be specially useful to young men of good family, as it may enable the Secretary of State to obtain for them social and other attentions.

Those who are desirous, however, of travelling in countries where a passport will be necessary are advised to furnish themselves with such a document also before leaving India, or him of, or in addition to, a certificate of identity. It should be remembered that no person is entitled to a passport, as of right, on the ground that he is a British subject, and the production before authorities outside India of a certificate of identity, unless supplemented by documentary evidence of respectability, is not sufficient to ensure that a passport will be granted

The production of a certificate of identity, therefore, will not ordinarily be sufficient to ensure the grant of a passport, unless it is supplemented by documentary evidence of respectability, endorsed by a Local Government or other authority competent to issue passports in India, certifying that the holder is a fit and proper person to receive a passport.

Simla, the 2nd August 1910

No. 8987.—The following letter received from the Government of the East Africa Protectorate is published for general information :—

THE SECRETARIAT, NAIROBI,
EAST AFRICA PROTECTORATE,
June 27, 1910.

SIR,

I have the honour to inform you that the Government of the British East Africa Protectorate has recently had under consideration the desirability of enforcing more strictly the provisions of the Immigration Restriction Ordinances, 1908, and the Immigration Restriction Amendment Ordinance, 1910, copies of which are enclosed herewith.

2. Section 11 of the original enactment provided that any person appearing to be a prohibited immigrant under section 5 (a) * might be permitted to enter the Protectorate on payment of a deposit according to nationality.† In the course of time this restriction was shown to be acting as a deterrent in the case of persons who might well be admitted to the country, and the amending Ordinance was promulgated whereby the Immigration Officer was empowered to accept security in lieu of the deposit.

3. In the great majority of cases no arrangements for this security are made prior to embarkation and in consequence such persons have hitherto been allowed to land in order that they may be given the opportunity of finding a surety. This concession has led to abuse and is in itself objectionable inasmuch as the deposit prescribed by section 11 of the Ordinance of 1908 is payable before landing, and if this section is read together with section 3 (1) of the amending Ordinance of 1910, it is clear that the demand for security must also be complied with before landing.

4. The Government has therefore decided that all immigrants should either make the necessary deposit, or provide the security required, before leaving the ship on arrival in port. The strict enforcement of this regulation will take effect as from the 1st of September 1910 and I have the honour to request that steps may be taken to make this procedure known in those districts from which immigrants to British East Africa usually arrive. Persons who cannot deposit the necessary sum or have failed to find the requisite security will after that date be sent back to India, and the Government of this Protectorate will not hold itself responsible for any expenditure thus incurred.

I have the honour to be,
SIR,
Your most obedient servant,

C. C. BOWRING,
Chief Secretary to the Government.

Local Governments and administrations are requested to make the intimation contained in the letter as widely known as possible, particularly in places from which emigration to British East Africa is believed to be most common. Intending emigrants should also be warned of the risks they run in proceeding to the Protectorate if they are unable, before landing, to deposit the sum of Rs. 50, or to comply with the demand for the requisite security in lieu of the deposit.

* This section prohibits the immigration of any person without visible means of support or any person who is likely to become a pauper or a public charge.

† The deposit required from natives of India is Rs. 50.

R. RAMACHANDRA RAO,
Secretary to Government.

(a) The Secretary to the Government of India, Department of Industries,
(b) The Chief Inspector of Mines in India,
(c) A representative nominated by the Indian Mining Association,
(d) Do. do. do. Federation, and
(e) A non-official member of the Indian Legislature nominated by the Government of India.

} *Ex-officio.*

Candidates must, if required, attend at their own expense at such place as may be appointed by the Selection Committee for a personal interview; they must also undergo such tests, oral or written, as the Selection Committee may consider necessary in each case.

Every candidate must be a British subject and his father must have been at the time of his birth, and must have since continued to be, a British subject, but power is reserved to the Government of India to make exceptions in special cases.

Candidates should not ordinarily be under 25 or over 30 years of age, but in exceptional cases candidates of an age exceeding 30 years may be accepted. Every candidate must be in sound bodily health and will be required on appointment to satisfy a medical board appointed by the Government of India of his physical fitness in all respects to perform the duties of the Department of Mines.

3 Preference will be given to candidates who have served in His Majesty's Forces during the war. Completed years of combatant service after attaining the age of 25 will, subject to a maximum of 4 years, count for pay, promotion and pension but not for leave. War service will not, however, be included in total service for the purpose of article 408, Civil Service Regulations, or be allowed to count in addition to the pensionary concessions announced in Part II, Clause (3) of the Government of India (Finance Department) Resolution No. 1065-E.A., dated the 15th November 1919.

4 Candidates must possess, in addition to a good general education, either a degree in mining at a recognized college in England or must have served a regular pupilage under a recognized consulting mining engineer or mine owner.

Chief Inspector	.. ..	Rs. 2,000—100—2,400

No exchange compensation or house allowance is given.

6. Pay commences from the date of appointment to the department. Travelling allowances in respect of journeys performed on duty are governed by the rules laid down in the Civil Service Regulations.

7 First appointments to the Department of Mines are ordinarily made in the grade of Junior Inspectors and are probationary for two years, at the end of which time the probationer, if found qualified and retained in the department, will reckon his service for leave and pension from the date of appointment.

8 In ordinary circumstances all Junior Inspectors, unless they have special claims on account of previous training and experience elsewhere, will enter the department in the lowest class.

The annual increase of pay of Junior Inspectors will be granted only on the certificate of the Head of the Department that the officers so recommended have fully deserved such increase by the intelligence and zeal with which their duties have been performed.

9 Promotion to the grade of Inspector of Mines will depend on qualifications and merit and on the existence of vacancies in that grade. While local mining experience and training must always hold a very prominent place in estimating the position or the promotion of Junior Inspectors, mere seniority of service unaccompanied by proved ability and steady devotion to duty, gives no claim to promotion to the grade of Inspector.

10. The leave, leave allowances and pensions of officers of the department are governed by the provisions of the Civil Service Regulations applicable thereto.

11. These regulations are liable to be modified by the Government of India from time to time.

EXAMINATION FOR THE GRANT OF CERTIFICATES OF COMPETENCY TO ELECTRIC WIREMEN.

RESULTS OF THE EXAMINATION

Of the seventeen candidates that appeared for the examination held at the Government Trades School, Madras, on the 15th November 1921, the following six candidates have passed:—

(1) L. Sundaram, Wireman, Public Works Department, Government House, Ootacamund.
(2) V. Doraiswami Mudaliyar do. do
(3) V. S. Natesan, Maistri, Electrical division, Public Works Department, Madras.
(4) B Ramaprasad, Wireman, English Electric Company, Madras.
(5) Muhammad Habibullah, Wireman, English Electric Company, Madras.
(6) K. Gurusawami Nayudu do. do.

The rest have failed.

EXAMINERS' REPORT.

The examination was conducted by—

Mr. A. F. Clay of the Madras and Southern Mahratta Railway.
Mr R. D. Harris of the Crompton Engineering Company, Madras.
Mr. E. J. B. Greenwood, Electrical Inspector to Government, Madras

2. (a) To begin with all candidates were set to make a joint in ordinary V.I.R. cable and compared with previous years this work was a decided improvement especially in the soldering. The majority of the candidates however had little idea as to the proper methods of removing the various insulation coverings of a cable, and the rubber taping was not always carried well over the ends of the insulation.

(b) Various other tests were given such as connecting up lights, connecting up a motor with its starter and main switch, and testing the insulation resistance of various circuits; whilst the connecting work was done fairly well the insulation testing could be satisfactorily carried out only by a few candidates.

(c) The general knowledge of the majority of the candidates was good.

(d) In general the work of the candidates was of a decidedly higher standard than in previous examinations.

3. The examiners feel that there is a tendency on the part of the candidates and their employers to consider the examination as a test for men of the foreman or supervisor grade, whereas the examination is intended solely for practical working wiremen.
